

# Omni Mobile

Omni Mobile is a **full Novell® GroupWise® client for PDAs and PDA Smartphones**. It is ideal for users like **Samantha** who need on-line and off-line access to their entire GroupWise account.

Meet **Samantha** in Marketing.  
A full GroupWise client for her  
Palm Treo™ – yes, finally!

## Omni Mobile Overview

Omni Mobile delivers a full, “native” GroupWise client for leading PDAs and PDA Smartphones. With Omni Mobile, you can connect to your GroupWise account from anywhere, at any time, on any device – whether you are on-line or off-line. Omni Mobile supports Cradle Sync, Over-the-Air, BlueTooth® and WiFi. Far more than just email and appointments, Omni Mobile puts your full GroupWise mailbox at your fingertips. This includes shared and personal folders, calendar, appointments, tasks, notes and address books.

## What Makes Omni Mobile Unique?

Omni Mobile runs on your existing GroupWise 6.5 or newer system – no additional hardware, software or gateways required! Omni Mobile uses WebAccess as a conduit to your GroupWise system. Your users will appreciate Omni Mobile's familiar GroupWise user interface. Omni Mobile can be installed on Novell OES, NetWare®, SUSE™ LINUX Enterprise Server and Microsoft Windows®. Omni Mobile is as SECURE and RELIABLE as your GroupWise system – no proxy access, no trusted APIs, no IMAP or POP3 limitations – just GroupWise!

## Supported Devices\*

- Palm Treo 700w, 650, 600, Tungsten™; LifeDrive™; and Zire™ PDAs
- Pocket PC and Windows Mobile™ PDAs and PDA Smartphones
- Sony Ericsson® P910, P900, P800 Symbian Smartphones

\* Touch screen required. Supports all Over-the-Air communications (GPRS, GSM, CDMA/1xRTT, iDEN, Bluetooth, WiFi 802.11, Infrared). Support for Nokia® Series 80 and 60 Smartphones and Blackberry® devices in future releases.
