Get Advanced Training on eControl and Riva

The screenshot shows the eControl web interface. At the top, there is a navigation bar with 'HOME', 'MANAGE', 'CREATE', and 'LOGOUT'. Below this is a search panel with fields for 'Object Name', 'First Name', and 'Last Name', and a 'Search' button. The main area displays a table of users with columns for 'Name', 'Path', and 'System'. A context menu is open over the user 'Amarjit Aramideh', showing options like 'Account Status', 'Reset Password', 'Group Membership', 'Organizational Roles', 'Password Restrictions', 'Login Restrictions', and 'Intruder Lockout'. A 'WHEN & WHERE' box is overlaid on the bottom of the screenshot, providing the event details.

Name	Path	System
Aaron Peters	.AaPeters.Berlin.ACME	omni-tree
Amanda Appenzeller	.AAppenzeller.Edmonton.ACME	omni-tree
Amarjit Aramideh	.AAramideh.Berlin.ACME	omni-tree
Amarjit Aramideh	.AAr...	omni-tree
Ame Arcouet	.AAr...	omni-tree
Ameline Ardoin	.AAr...	omni-tree
Amie Areu	.AAr...	omni-tree
Anestassia Asselin	.AAs...	omni-tree
Anneke Ayers	.AAy...	omni-tree
Anneke Ayers	.AAy...	omni-tree

WHEN & WHERE: Wednesday, June 17th, 9:00-4:00 p.m.
Novell Germany Office, Frankfurt
(Nobel Haus Zeil 79 Frankfurt D-60313 Germany)

Don't miss out on this exciting training opportunity!

Join Aldo Zanoni, CEO and Managing Director of Omni, to get advanced training on Omni eControl and Riva Integration Server—two products you “must see to believe!”

9:00-11:45

Omni eControl—Delegated, Role-based Management for Support Staff

Attend this advanced technical training to learn how to install and configure Omni eControl to provide *delegated, role-based management, provisioning and user self-service* for pure Novell, Microsoft or mixed eDirectory, GroupWise, Active Directory and Exchange 2010 / 2007 / 2003 environments. Remove all trustee rights from your directory, file and email systems. Replace ConsoleOne, iManager, and Microsoft Management Console with a browser for support staff. Quickly and easily restrict task collections and search contexts. Learn how eControl complements Novell Identity Manager, ZENworks and Storage Manager. Learn how to manage user accounts, distribution lists, groups, GroupWise proxy, external users, rules and more—**from a browser!**

12:00-13:15

Lunch is on us!

13:15-16:00

Riva Integration Server—8 Integrations for Novell GroupWise

Learn how to configure Omni's Riva Integration Server to deliver transparent, two-way, server-side integrations and interoperability for Novell GroupWise and Microsoft SharePoint, leading CRMs, and other line-of-business integrations. With the official launch of the Riva Integration Server SDK, you can write your own integrations for GroupWise and any SQL-based CRM or line-of-business application. See how the Riva Collaboration Platform can be used to create policies and automatically manage users' GroupWise shared folders, address books, rules, proxy access, managed signatures, and more. Learn how to create secure and dynamic GroupWise distribution lists. Riva CRM Integrations currently include SharePoint, Microsoft CRM, SugarCRM, info@hand, GoldMine, Bluefin, Oracle CRM On Demand, Salesforce, Facebook and SQL databases.
